

Duo DU

DU 5304 - 4x50W DC

Detail of DU 5304

DU 5306 - 4x26W OP

DU 5314 - 4x18W T8/OP

DU 5315 - 4x54W T5/OP

Duo is a series of suspended or surface mounted luminaire. Its aesthetic and modern shape has been specially designed for:

- Offices
- Reception rooms
- Malls
- Living rooms...

Due to the glare limitation and harmonious lighting distribution, it is recommended to install these fixtures where high visual performance is required: suspended over the working areas and desks, conference tables and card playing tables.

The suspension cables are made of inox wires. This product is available in grey, white or black on request. It can also be delivered with a mat brushed aluminum finishing.
