Private Houses

Different light colors can be used to meet client's requests

Top detail 1x50W DC

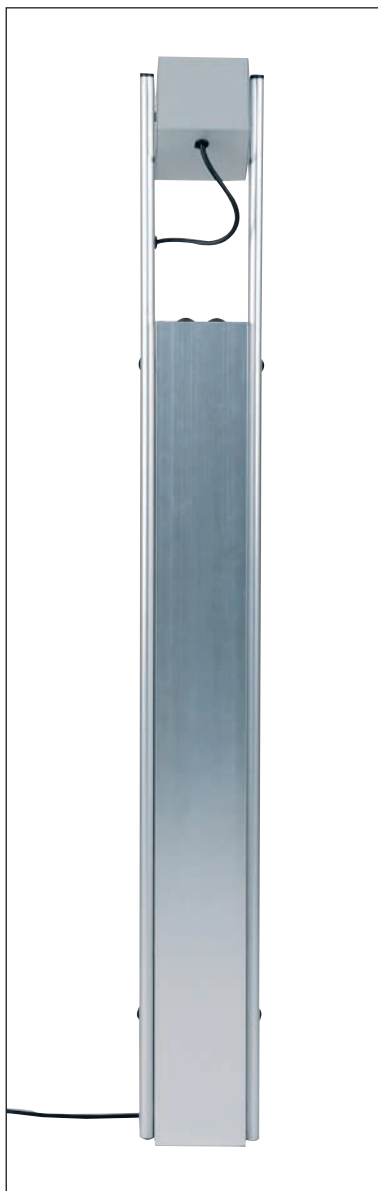

*Multiline 8803 is a medium height floor light (130cm) with a very modern outlook. This luminaire made of brushed aluminum can also be painted with electrostatic powder coating in black, white or grey.*

*It is usually used in houses or galleries to light up an art object or in offices next to desks.*

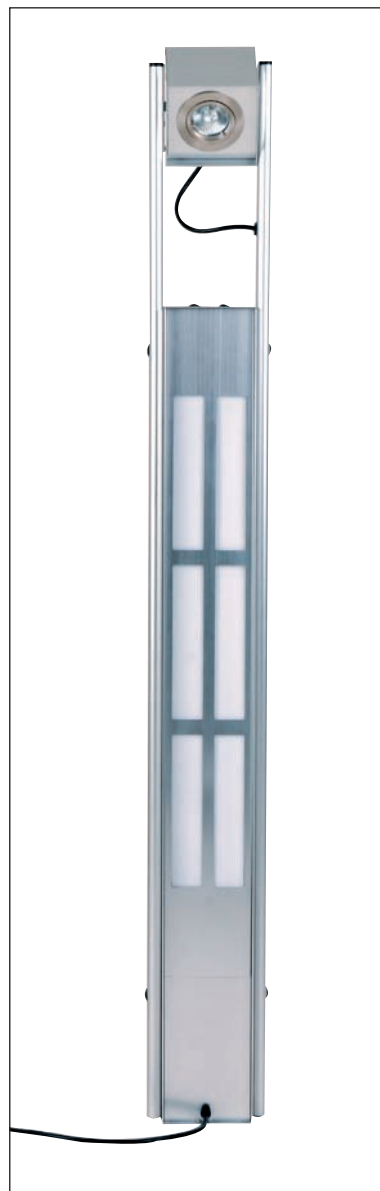

*The main light is a 50W dichroic lamp. All along its length, 2x18W T8 color fluorescent lamps are used for ambient lighting.*
